**Registration Deadline: September 20<sup>th</sup>**

To register call 715-537-6254 -or- register online @ <https://bit.ly/2Mli7kJ>

## Are you:

- a parent of a child ages 4-7
- an educator or child care provider for young children

Then the **Raising a Thinking Child** workshop may be just right for you!

This evidence-based workshop series will help you guide children to solve common, everyday problems with decision making and communication skills using their thinking brain. **It is a refreshingly practical curriculum that helps you help your child learn HOW to think, not what to think, as they learn to resolve their own problems.**

## Participants will learn:

- ◆ To give children skills to effectively solve their own problems
- ◆ Fun games to help children learn these problem solving skills and consider consequences
- ◆ How to help kids care about and understand their feelings and those of others

This program is co-facilitated by **Missy Bablick** (Barron County), **Beth Rank** (Burnett County), **Danette Hopke** (Washburn County) Human Development & Relationship Educators with UW Madison Division of Extension.

12 hours of Continuing Education credit is available for child care providers and foster parents
