and fees will be taken care of at this
meeting.**

What is it All About?

The Barron County 4-H Shooting Sports program covers the fundamentals of each discipline, marksmanship, and shooting procedures. The Wisconsin 4-H Shooting Sports program in Barron County is geared for teaching beginning target shooting skills for youth at junior, intermediate and senior levels.

The 4-H shooting sports program is meant to complement and enhance the impact of existing safety, shooting and hunter education programs using experiential educational methods and progressive development of skills and abilities. 4-H Shooting Sports programs are available to youth from 3rd grade and at least 8 years old (as of January 1) through the year following high school. Shooting Sports projects include archery, air pistol, .22 pistol, air rifle, .22 rifle, muzzleloader, and shotgun. 4-H youth must be 12 years of age by the start of the program, event, or activity to operate any powder-burning firearm. This includes .22 handgun or rifle, muzzleloader handgun or rifle, or shotgun.
